

ST CHAD'S CATHEDRAL ANNUAL FLOWER FESTIVAL 2014
takes place from 20th – 22nd June

ORGANISED BY ST CHAD'S CATHEDRAL ASSOCIATION.

There is no doubt that our 2013 flower festival was a resounding success. Not only did we have wonderful comments made by visitors during the festival, many, many congratulatory letters and emails sent to us after the festival. We managed to get at least three articles written about the event. The Pugin Society gave us a wonderful middle – page spread. The Gem Magazine(a local magazine for Moseley and Kings Heath) had an article written by a local author, Nick Corbett and finally St Mary's C of E Church, Moseley gave us space in their magazine.

We set out to give our flower festival as strong an ecumenical flavour as possible. Not only did we have two Anglican Cathedrals and some C of E churches join us but also the Polish community and the Caribbean community. This year we are hoping to spread our net even wider and attract yet more ecumenical friends. The standard of the flower arrangements was quite incredible and each could have been a winner in its own particular way. For a flavour of how wonderful the flower arrangements were last year, visit the Gallery section on our Cathedral website.

To take part in our Flower Festival 2014 and contribute to its great success, please contact the undersigned via the numbers listed below. As usual our festival concludes with an Orchestral Concert followed by wine and canapés at £10 per person. Our soloist this year will be Professor David Saint who will play with the orchestra and some organ pieces of his own.
